Compulsory National EISA Exam (External Integrated Summative Assessment) The EISA conducted through the relevant QCTO Assessment Quality partner is required for the issuing of this qualification. The EISA will focus on the exit level outcomes and associated assessment criteria. The learner will write the national exam at an accredited assessment centre.

Workplace Support:

To ensure the success of the workplace modules, we kindly request that your organisation designate a workplace mentor for the learner. This mentor will play a crucial role in overseeing the learner's progress and validating their practical experience logbook.

- Project Manager that has achieved an industry recognised level of learning
- Must have experience in full scope of project management for at least 3 years
- The mentor to learner ratio should not compromise the quality of learning and experience
- Learner technical expertise and project context must be compatible
- Capacity to expose the learner to the full scope of the qualification
- Workplace MOU to be completed by the employer

Price: R45 728,00 Excl. VAT

Price is fully inclusive of all learning material (shared electronically), Assessments and EISA Exam fees.

All online courses are subject to minimum delegate numbers.

Project Managers are the people in charge of a specific project or projects within a company or a government entity and any small or large scale development project requires high-quality project management skills.

Project Managers however can work in a variety of fields, from Information and Communication Technology, Human Resources, Advertising, Marketing, Construction and more. Improved service delivery and economic growth in South Africa are dependent on the quality of project management skills available in the country. Project management is a cross-cutting function, needed in all social and economic sectors. This qualification presents a competency framework appropriate for South African contexts and was developed and closely benchmarked against international standards.

The purpose of this qualification is to prepare a learner to operate as a Project Manager. A Project Manager applies knowledge of project management to achieve project objectives in a specific field of application.

WHO SHOULD ATTEND

- Any individual who is interested to become a qualified Project Manager.
