

GLOBAL BUSINESS SOLUTIONS

FUTURE THINKING, NOW

End-user AI Workshop for HR & LR Practitioners

Join John Botha, Joint CEO of Global Business Solutions, and his colleagues in what can only be described as an opportunity to get a head start in the world of AI in human resources and labour relations. This first of a kind in SA is an opportunity not to be missed.

Topics covered:

- Introduction to AI
- Essentials for successful AI
- The context & human element
- Responsible AI & policy
- Productivity, creativity & time
- Types of AI
- Security
- Downloading the tool
- Prompt engineering
- Top 10 things to try with AI
- AI in HR & LR: Applications and Impact
- Top Uses of AI in HR & LR
- Practical AI Exercises for Managers
- AI Decision-Making
- AI Tools Exploration
- AI in Stakeholder Engagement
- Data Analysis Simulation
- Social Media Application
- AI Centre of excellence
- Q&A Session

We are what we repeatedly do. Excellence, then, is not an act, but a habit. [Aristotle]

Individual

Departmental

Organisational
